

Please read this document to find out how to get fully prepared for time week residency at Ethno Catalonia 2024, playing music, sharing, rehearsing, jamming and performing together with **30 young musicians** from several countries and continents!

IT'S ALL ABOUT THE MUSIC

Our crew and artistic mentors will make sure you spend an unforgettable time at EthnoCatalonia. In every Ethno participants teach to the others and share between them music from their tradition in a peer to peer format. Our artistic mentor team in EthnoCatalonia: Pau Baiges (Catalonia, accordionist), Håvard Enstad (Norway, cellist), Juan de la Fuente (Spain, percussionist) and Ana Concenção (Portugal, cello and voices), will conduct you while sharing, learning and arranging the music you will perform! These skilled artistic mentors will help make magic happen!

Please, prepare one tune or Traditional/Folk song to present yourself and share it with the Ethno Catalonia group. This can be either a solo song if you are coming on your own, or a joint one along with your fellow band members or friends in case they are also selected to join Ethno. Also, if you would like to know who else from your country/region is coming, feel free to ask us, and we will make sure to link you up, so you can share and prepare one tune or song per country delegation to teach other participants during Ethno.

Please, make sure the songs you propose for the final concert's repertoire are traditional and therefore 100% free of rights and royalties!

Ethno Catalonia music workshops and rehearsals will take place at the Ateneu - CMEM (www.ateneu.banyoles.cat), which is a Cultural Center, Music School and Concert hall located in the center of Banyoles. Besides this, you will play individual/groups concerts, jam sessions, and join various concerts and activities.

The final three days will be dedicated to the Ethno Tour concerts, in which all the participants will perform together for the audiences the repertoire coming out from the music residency and cultural exchange.
